

With SparkPoint Marin Clients Grow and Prosper

At SparkPoint Marin people can access a wide variety of services to help them achieve financial stability and prosperity.

SparkPoint Services

SparkPoint clients work one-on-one with a coach who helps to identify goals, develop a step-by-step action plan, and keep clients on track.

Our services focus on four key elements of financial stability and prosperity: managing credit, increasing income, preparing tax returns, and building assets.

The Path to Prosperity

Clients are encouraged to set goals and check-in with their coaches on a regular basis. Some of our most successful clients have been with SparkPoint for more than a year.

We define prosperity as 1) earning a self-sufficient income; 2) increasing one's credit score to 700+; 3) having no revolving debt; and 4) building enough savings to cover at least three months of living expenses.
